## **Questions & Answers (Q&As)**

29/11/2021

You will find below a list of questions received for this call for proposals. Please note that the present document aims to complement and clarify the call for proposals and does not replace it. A Q&As document will be periodically published; applicants are invited to check this website regularly.

**Q1.** Firstly, could I ask you to clarify how many projects are intended to be funded? I found that in section 2.1 you indicate that the call will select a minimum of 70 projects, but in section 4., it states "The Commission expects to fund one proposal".

Secondly in section 14. the submission of applications is requested 'in PDF format'. Is there a specific application form you would like us to fill in, or can we write the proposal in any manner we wish, as long as it includes all of the elements outlined in the call?

**A1.**

The section 2.1 is referring to the projects which will be funded.

The section 4. Is referring to the proposal which will be funded to award and manage the projects selected.

The application form is included in the call package and it is mandatory to use this application form.
